Mr. Saul Vent Smith  
Human Resource Manager  
Molecular Bonds, Inc.  
2200 Nanobite Drive  
Culver City, California 98052

Dear Mr. Smith,

I noticed your ad for a *Chemical Sales Representative* as posted on the MTSU Career and Employment Center website. I believe my qualifications are a perfect fit.

Presently, I have ample experience and knowledge of chemical properties and laboratory experience as evidenced in my work at Orchid Cell Mark, where I am responsible for daily media preparation, stability testing and validation processes.

Moreover, as a Floor Salesman with Nashville Pet Products for three years, I was responsible for making in store sales to customers on a daily basis. During my tenure, floor sales increased 25 percent, 58 percent and 73 percent, respectively, during my three years with the store. Additionally, I received the "*All Time Best Seller's Award*" for making 300 percent of my quota.

I am willing to relocate and have a Bachelor of Science degree in Chemistry with a minor in Spanish Linguistics from Middle Tennessee State University.

May I have the opportunity to discuss my qualifications during a personal interview? I look forward to speaking with you and will call your secretary within the next two weeks to see if a convenient meeting time for us may be arranged. In the meantime, should you need to contact me, please feel free to reach me directly on my cell phone at 615.202.2222.

Sincerely,

Ruth E. Nium
